Universal telescopic mandrel has adjustable shaft length. Ideal for the above kits
1 M.T. £22.02 2 M.T. £23.64

Pen blanks

Pack of ten different coloured wood **£6.89.**

Ceramic Pepper & Salt Mill Mechanisms

Hard wearing • high performance • superb quality

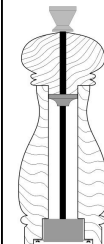

Grind pepper, salt or herbs.

The best mills you will ever use. Designed to last 25 years. Easy to adjust using knob at bottom. No knob shows at top, allowing clean elegant designs. You can easily cut the shaft shorter if required with a hacksaw as no thread is needed at the top of the shaft. The top of the finished mill is a spring loaded push fit onto the shaft to allow easy removal for recharging with peppercorns. However with the compact mill it is best to permanently attach the top wooden knob and fit a small wooden stopper to give access.

| | |
|--------------------|--------------|
| mill with no shaft | £6.13 |
| 8" mill. | £6.64 |
| 18.5" mill. | £8.68 |

Danish Mechanisms have stainless metal cutters for pepper and nylon cutters for salt. Knobs are marked with black, or white spot to distinguish pepper from salt. Fixing screws not supplied.
